

EUC-75-12-DIM (12V, 6.25A, 75W)

Feature

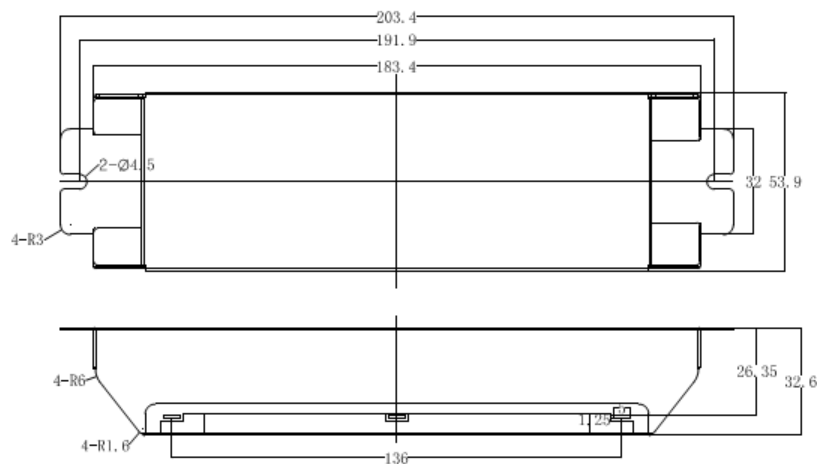

- Single-channel constant Voltage output, each channel 6.2A Max.
- Support Leading edge (Triac) and Trailing edge (ELV) Dimmer.
- Dimming range from 40VAC to 240V AC.
- High efficiency: up to 87%.
- Output short circuit protection; Overpower protection; Over temperature protection.

Technical Parameters

Output Channel	1 Channel
Input Voltage	40-240VAC
Input Frequency	47-63HZ
Dimming voltage range	40VAC ~ 240 VAC
PF	≥0.5(230VAC)
Efficiency	87%
Dimming Mode	Triac/ELV
Output Voltage	12VDC
Output Power	75W
Output Current/Each Channel	6.2A
G.W.(g)	380g
Size	204mm*54mm*33mm (L*W*H)
Working Temperature	-20°C - 50°C

Dimension
